

Mrs Andrea Leadsom MP

BT in SOUTH NORTHAMPTONSHIRE

Broadband

There are four types of broadband that are available in your constituency for consumers, SMEs and larger businesses:

1. *Copper (ADSL) at speeds of up to 8Mb*
2. *Enhanced copper to deliver higher speeds at speeds of up to 20Mb*
3. *Fibre at speeds of up to 80Mb*
4. *High capacity fibre broadband leased lines, aimed pre-dominantly at larger businesses and some SMEs, are available throughout the constituency through products such as Ethernet*

Provision in your constituency

- Fibre broadband at speeds of up to 80Mb: Brackley accepting orders since March 2012, over 6,400 premises to benefit
- Higher speed copper broadband at speeds of up to 20Mb: Live at Blisworth, Brackley, Croughton, Hackleton, Middleton Cheney, Roade, Silverstone, Towcester and Yardley Gobion exchanges
- Ethernet node at Towcester exchange
- ADSL at speeds of up to 8Mb: At the remaining eight exchanges in the constituency

BDUK Government Funding Allocation

- Northamptonshire: £4.08m, and an additional £3.64m allocation of SEP funding
- Fibre coverage planned: 95% by end of 2017
- BT contribution: £8.1m
- Blakesley, Blisworth, Chipping Warden, Cogenhoe, Hackleton, Middleton Cheney, Pattishall, Paulerspury, Roade, Silverstone, Sulgrave, Towcester, Yardley Gobion and Yardley Hastings exchanges live now

Constituency fibre broadband coverage

- Think Broadband: 81%, 0.5% getting under 2Mg
- Openreach: 79% delivered, 93% when all planned work delivered

March 2016
