*Dear Mr Fisher*

**Re: Rail Central**

I met yesterday with representatives from Network Rail. One of the matters we discussed was the ongoing fallout from your inclusion of their logo in letters from your agent, Hamer Associates, to my constituents as part of your property bond offer.

Network Rail have confirmed to me that this logo was not included with their approval and that they have followed this up with you directly. As Network Rail are not a promoter of your scheme, Ashfield Land has falsely given assurance to my constituents that your scheme has Network Rail's support and backing.

I should like to know what redress you are proposing to my constituents in this matter and what steps Ashfield Land will take to ensure that something of this magnitude does not occur again.

I shall be asking the local action group to ensure that any of my constituents who have been financially negatively impacted by your false advertising of your property bond bring this to my attention at their earliest convenience so that I may offer them whatever support I am able.

Yours,

*Andrea Leadsom*
