Thank you for your letter of 17 September 2018, on behalf of your constituents, about the Major Road Network consultation.

I would like to thank you for your response to the consultation. As your consultation response noted, the A422 running through Fartinghoe was included in the indicative network published alongside the consultation.

The Department is aiming to publish a response to the consultation shortly, with a view to issuing guidance on the investment planning process and the development of regional evidence bases by the end of the year. It will also give details of how proposals will be assessed and prioritised for entry into the MRN investment programme.

Once launched, it will be for the relevant local authority working with other regional partners, to make the case for MRN funding for particular schemes.

Rt Hon Chris Grayling MP
