Dear Ms Atkinson,

I hope this letter finds you well.

Several of my constituents have been in touch to ask for an update on the works to reopen the Tree Top Way, and I would be interested to hear about what progress has been made in recent months.

Has the funding for repairs been secured, or is the Forestry Commission still in the process of identifying possible streams? Are the designs for the new structure, including materials for the lower section, in place? Is there an anticipated date for reopening?

I had hoped to write before Christmas, however I understand that Tommy set out that it is my intention to support – on behalf of my constituents – reasonable funding bids to complete the works.

Do let me know if there is anything I can do to help.

With best wishes,

A handwritten signature in blue ink that reads "Andrea Leadsom".
